Office of the Vice Chancellor

MEMO

To : All students

Date : 14th May,2026

Subject: Important Notice – Beware of Scammers Demanding Payments

It has come to our attention that some individuals are fraudulently contacting students, claiming to represent *Metropolitan International University* and demanding payments on behalf of the institution.

Please be advised of the following:

- i. **Official communication:** The University will never request students to make payments through personal phone calls, text messages, or social media accounts.
- ii. **Authorized payments:** All tuition and related fees must be paid only through the University's officially designated channels and accounts. We are strictly using school pay codes for all payments.
- iii. **Scam awareness:** If you receive suspicious calls or messages demanding money, do not respond, share personal information, or send funds.
- iv. **Reporting scams:** Immediately report any such incidents to the University administration for investigation.

We strongly urge all students to remain vigilant and protect themselves from fraudulent activities. The University is committed to safeguarding your interests and will take appropriate action against individuals attempting to exploit our students.

For any clarification, please contact the University directly through our official communication channels.

Dr. Jill Margaret Natukunda

On behalf of the Vice Chancellor
